Once again, we want to welcome you to the annual fall Red Dirt Roundup sale. We are selling 750 females in the the 2024 Red Dirt Roundup! Holding nothing back, these cows have never been pampered and have all stayed in our program, calving unassisted, maintaining body condition and breeding back all while on native pasture and protein supplement during the winter. Our registered cattle are handled just like our commercial females; efficiency, fertility, and longevity in harsh environments is a must. We retain ownership of all our calves to the rail, selling pounds of red meat. Our 2023 calf crop graded 95% high Choice & Prime and all went to Whole Foods as program cattle. The females offered in this sale all have these genetic traits. We will offer to buy back the calves at a premium out of these females at weaning if the new owner has interest. I repeat myself, year after year, on this statement: It takes a host or people to do what we do. The guys and gals on the ranch are like family. I would put them up against anyone! On behalf of my family & I, we want to thank you to our crew for their dedication and loyalty to the ranch. They have played a pivotal role in the ranch's growth & success.

A big thanks goes out to our good friends, Kyle Gilchrist, Dr. Jeremy and Katie Schneider, Dr. Todd Stone, Cross Country Genetics, Dale More, Cattleman's Choice Feedyard, LNC, Combds Feed and Seed, and DVAuction.

Finally, and most importantly, we want to thank our Creator for the uncountable blessings, This statement is one I truly try to live by: "It's all on loan from God and we're just here to take care of it." - Ralph Chain

Once again, we want to invite you to come and eat, explore our ranch history and heritage, and spend the afternoon in beautiful northwest Oklahoma.

Thank you,

Newley and Mandy Hutchison

The Chain Ranch Family

It is my pleasure to welcome you to the annual Red Dirt Roundup Sale. This is my second year helping with the marketing of this historic event, the minute you pull into the ranch it automatically feels like home! This year's group of 750 females being offered by the Chain Ranch crew is like nothing you have seen before! These females are from the heart of both their commercial and registered programs. Efficiency, fertility, and longevity are key elements that they depend on in this year's sale offering as well as in their cow herd in general, they must thrive on grass. With more that 125 years of balanced breeding to excel in the pasture, and feed yards with carcass data that makes an impact naturally has always been the key goal. The consignors have brought you some outstanding females as well. With one key ingredient, Red Angus combined crossbreeding to bring out vigor, maternal, calving ease along with performance. I appreciate the opportunity to work with such a great bunch of cattlemen and this historic and beautiful ranch. I invite you to join us sale day for great cattle and conversation.
